Maud ISD District of
Innovation Plan

Introduction
During the 84th Legislative Session, HB 1842 passed that allows Texas public schools to become Districts of Innovation which would allow them to obtain flexibilities with certain provisions of the Texas Education code. Maud ISD is exercising this opportunity of becoming a District of Innovation to obtain more flexibility in order to better meet the unique needs of our district, students and community.

**Term**
Maud ISD’s Innovation Plan will begin with the 2017-2018 school year and conclude at the end of the 2021-2022 school year unless the plan is terminated or amended by the Maud ISD School Board in accordance with HB 1842.

**Committee Members**
Charlie Martin - Superintendent  
Amanda Sanders - Curriculum Director  
David Hedges - JH/HS Principal  
Scott Sanders - Elementary Principal  
Kayla Harrell - Counselor  
Ashley Harris - Teacher/Asst. Principal  
Laura Bolick - Teacher  
Monica Frost - Teacher  
Amanda Brower - Teacher  
Missy Hemby - Teacher  
Carrie Johnston - Teacher  
Michael Henderson - Teacher  
Rusty Bailey - Business Leader/Parent  
Brad Carlow - Business Leader/Parent  
Gary Foster - Community Member  
Ann Leighton - Community Member  
Noah Rogers - Community Member  
Tiffany Dowden - Parent

**Innovations**

**First Day of Instruction** TEC 25.0811: A school district may not begin instruction for students for a school year before the fourth Monday in August.

**Innovation Strategies:**
- Maud ISD would like to locally determine the school start date. This flexibility would allow the district to determine, on an annual basis, what start date best meets the needs of the students.
- Starting earlier will help to balance the number of days in each semester.
- The balanced semesters will align with college semesters, allowing more opportunities for dual credit and summer school.

**Teacher Certification** TEC 21.003 requires that a person may not be employed as a teacher by a district unless the person holds an appropriate certification or permit issued by the appropriate state agency.

**Innovation Strategies:**
- Recruit teachers from the field, including individuals from certain trades and/or vocations with industry knowledge and real world experience.
● Allow consideration of part time professionals to teach courses - specifically trade related professionals the ability to teach related courses.
● The superintendent will determine whether it is in the best interest of the district to certify the individual. The superintendent will notify the school board.
● Allow experienced teachers to pick up an elective in an area they are qualified to teach. The principal may submit a request to the superintendent for local certification that will allow a certified teacher to teach one subject in a related field for which he/she is not certified.
   ● Maud ISD will exhaust all means to hire a certified teacher first.

Probationary Contracts (DCA Legal) (TEC §21.002, §21.102) For experienced teachers new to the district, the probationary period may not exceed one year if the person has been employed as a teacher in public education for at least five of the previous eight years. A one year probationary period is not a sufficient amount of time to evaluate the teacher’s effectiveness in the classroom. Currently, contracts for employees occur in March or April which demands that employment decisions be made with very little time for evaluating teacher effectiveness as well as prior to state assessment results.

Innovation Strategies:
● Experienced teachers, counselors, administrators, or nurses new to the district that have been employed as a teacher in public education for at least five of the eight previous years, a probationary contract may be issued for up to two years from the first day of employment.

Kindergarten-Grade 4 Class Size (TEC §25.112a-g)(TEC §25.113a-b) (EEB Legal) Currently, districts are required to maintain a class size of 22 students or less for Kindergarten - 4th Grade classes. When any class exceeds this limit, the district must complete and file a waiver with the Texas Education Agency. The district is also required to notify parents of waivers or exceptions to class size limits. The proposal would look to keep class sizes below 22:1 but would streamline processes for when a specific class went over 22 by 1 or 2 students.

Innovation Strategies:
● The goal of Maud ISD will be to limit class size to the extent possible, meeting the required limits prior to the beginning of the school year. In the event that any class size exceeds this ratio during the school year, the superintendent and campus administration will determine whether to add another teacher.

Teacher Contract Days (DCB Legal, DCB Local)(TEC§21.401) TEC Code Requiring Exemption: current education law in Chapter 21 defines a teacher contract as a 10 month contract equivalent to 187 days.

Innovation Strategies:
● Decreasing contract days from 187 to 182 days
● Reduce teacher contract days from 187 to a decreased length with no effect on teacher salaries. This would be an attempt to better align the teacher days to the 75,600 minutes
required of students - increasing the daily rate the district pays teachers - enhance teacher
recruitment and improve teacher morale.
● Maud ISD will present a recommendation to the School Board regarding the number of
contract days as a part of the total compensation and benefits program.
  ● In the event that the legislators or TEA eliminate/striken the District of Innovation Plan
guidelines, Maud ISD would possibly need to return to the 187 day teacher contract with
no additional pay.

**Transfer Students** Currently Under Texas Education Code 25.001, a district may choose to
accept, as transfers, students who are not entitled to enroll in the district. Under TEC 25.036, a
transfer is interpreted to be for a period of one school year.

**Innovation Strategies:**
Maud ISD maintains a transfer policy under FDA (LOCAL) requiring nonresident students
wishing to transfer to file a transfer application each school year. In approving transfer requests,
the availability of space and instructional staff, availability of programs and services, the
student’s disciplinary history records, work habits, and attendance records are also evaluated.
Transfer students are expected to follow the attendance requirements and the rules and
regulations of the District. TEC 25.036 has been interpreted to establish the acceptance of a
transfer as a one year commitment by the District. The District is seeking to eliminate the
provision of a one year commitment in accepting transfer applications for the following
circumstances:
  • Student behavior warrants suspension (in or out of school), placement in a disciplinary
alternative program, or expulsion; unacceptable academic performance; student attendance
falls below the TEA truancy standard.

**Minimum Minutes of Instruction** Currently Both Texas Education Codes 25.081 and 25.082
address the length of the instructional day by limiting it to “420 minutes of instruction” or “seven
hours each day including intermissions and recesses”, totaling 75,600 minutes for the year.

**Innovation Strategies:**
Maud ISD would like to be exempt from the 420 minute day requirement and have the flexibility
to alter the length of the school day on selected days whenever it is determined to be necessary
or beneficial to the district and its stakeholders.
  • The opportunity to exempt from the 420 minute school day requirement will provide the district
the opportunity to provide each campus the flexibility of creating a daily schedule that will better
serve the students and teachers on each campus.
  • This flexibility will give local control to the district in meeting the yearly requirement of 75,600
minutes in relation to the district calendar for each specific school year.
  • This exemption will provide greater flexibility than the current waiver system.
